Now Seeks to Recover Furniture From Son-in-Law.

Troubles did not come singly to Mrs Clementine Freeman of No. 1118 South Fourth street. Six years ago her husband abandoned her and she heard nothing of him until last August, when he suddenly appeared upon the scene and took away her 7-year-old daughter, Georgia. While the little girl was playing in the street near her home he selzed her and ran away.

Mrs. Freeman succeeded in tracing him to New Orleans, 1:n. where she made several attempts to abduct the child, but without success. As a final resort she sued for divorce and Freeman made no contest. She was also awarded the custody of the child. Happy at the result of her fong fight, she returned to St. Louis a few days ago only to meet another disappointment.

In her absence her 15-year-old daughter, Clementine, cloped to Alton, Ill., with Anton Vogt, who is employed in the Hanner Buggy Company's establishment at Third street and Chouteau avenue. To be cured of catarrh? If you or your friends have this disease, you know how disagreeable it is. Its symptoms are inflamed eyes, throbbing temples, ringing noises in the ears, headaches, capricious appetite, and constant discharge of mucus: Fortunately its cure is not a question, of what you will give, but what you will take. If you will take Hood's Sarsaparilla, the great constitutional remedy, which thoroughly purifies, enriches and vitalizes the blood, you may expect to be completely and permanently cured. The good blood which Hood's Sarsaparilla makes, reaching the delicate passages of the mucous membrane, soothes and rebuilds the tissues and ultimately cures all symptoms of catarrh. Chicago, Nov. 9.-At a secret meeting of the Board of Managers of the Millers' Nutional Association of the United States, held in the Auditorium Hotel yesterday, important action regarding adulterants of feed and milling stuffs was taken.
